## MOBILE GAME TRAILER MOVES TO KERN COUNTY

### HOW WE GOT STARTED

In 2010, Edward and I were looking for a business opportunity that was under \$80,000, had a good return on investment and was "just ours". **We didn't want a franchise, didn't want to be told what to do by anyone** and we wanted to stay away from serving food, counting inventory or working a ton of hours doing something we didn't enjoy. We also wanted something that was simple and had a higher ROI than a restaurant or retail store.

Now, four years later, we run a beautiful Shadow Box (7 TV) Lime Green Interior Mobile Video Game Theater locally and have added a Backyard Laser Tag Trailer with Bunkers, Respawn Stations and a Place for the "recruits" to get geared up, learn the taggers and get some shade.. Business is booming! We are up in sales every month and every year. Edward and I don't dread getting up and going to work anymore!

***THIS BUSINESS ISN'T SOMETHING THAT WE TRY TO TALK YOU INTO. IF IT RESONATES WITH YOU, THEN GO FOR IT. WE ARE HAPPY TO SHARE OUR KNOWLEDGE AND EXPERIENCE WITH YOU.***

We will not barrage you with emails and phone calls. We get plenty of people trying to sell us things every day and we don't like it either. To be honest, we are too busy to stalk you. We have tons of events, owners to train, Mobile Game Theaters to build and we're always in the shop brainstorming or building the next Mobile Entertainment Business!

***AT RRVGP WE DON'T WANT TO "SELL" YOU OR TRICK YOU INTO ANSWERING THE PHONE OR TELL YOU THAT YOU HAVE TO "REGISTER" TO GET INFO OR DECIDE IF YOU ARE "QUALIFIED TO BUY FROM US". We want to find people who will love this business like we do and we enjoy helping others succeed...***

BRING YOUR CLUBS OR JUST "RELAX IN THE PINES OF PINEHURST!"

If you'd like to come to the **"HOME OF GOLF"** in Pinehurst, NC, we would be happy to put you up in a local hotel for the night so you can check out our operation and our Awesome Mobile Video Game Theaters. We don't have a fancy facility with Receptionists, Sales Staff and a Big Conference Room. We like to show you where we work, walk around our Mobile Game Theaters and let you kick the tires and play some video games. Afterwards, we have a bite to eat and answer any questions you may have about our company and the business. We want you to meet our staff and see how amazing and big and colorful our Video Game Theaters look in person compared to the competition. **We put our money into our Mobile Game Theaters, our extras and our vendors, not our office or our shop.**

## **NO - REQUIREMENTS/OWNER APPLICATION/PHONE INTERVIEW**

We don't require you to fill out an application, tell us your net worth, tell us how much money you have to invest, register on our website or schedule a phone interview to get detailed information about our company. After all, **we are the ones trying to get the job, not you!** I would be happy to answer any additional questions you may have after you peruse this information. My partner, Edward Gainer is also available by phone to answer any questions. His cell is 910-263-2265.

## **NO - FRANCHISE FEES/ADVERTISING FEES/PERCENTAGE OF PROFITS**

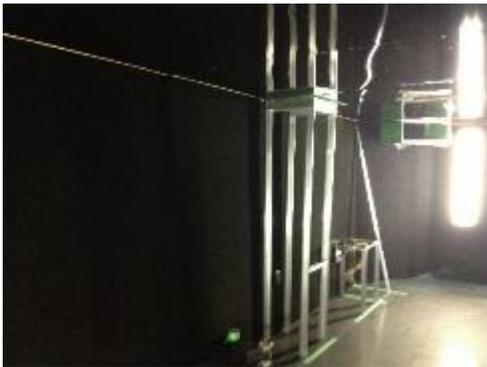

You choose your name, use your own logo and contact information and we give you your own website. There are no fees with our company. The first year as a small business is what separates those who succeed and those who do not. The last thing you need is a payment to a company that built your gaming trailer. **We are not a franchise and do not ask you to use our name, brand our product or be a link off of a big website.**

## **WHAT WE DO REQUIRE**

Be a hard worker with a passion for owning your own business! We are the company with heart. **We answer the phone when you call, get back to your email and take your unique situation, experience and personality into consideration.** With us you drop your logo and info on the wrap, pick your interior metal colors for your Mobile Game Theater and build your business while we are building your rig. You get to enjoy our private Facebook Forum and extensive training while you await your MGT's arrival. You'll receive Stadium Seating for 25 gamers, 7kw Onan Generator, Custom Bench Storage, Mag Wheels, Custom Tower Cabinets, 5th TV in the Action Station, (4 more Gamers!), Optional Outside TV's (8 more Gamers!), Bench Under Glow, extra 2.5 inches of clearance, ATP Kick plates on the interior doors, Laser Light Show, PS4, Xbox 360, Wii, Wii U, Xbox One systems, Mounted Air Circulator, Screwless Exterior, Fire Extinguisher and Colored LED lights!! **DON'T BE A PART OF A BIG WEBSITE WHERE YOUR CLIENT CAN BUY A MOBILE GAME THEATER!** Don't buy a franchise and pay someone to do what we can teach you to do! Don't pay someone to book your parties or get you **"SEO"**. We teach you do all of that. Keep your overhead low and the money in your pocket, not someone else's.

**COMPETITION...** If you are shopping around for a company to build your Mobile Game Theater, take a moment to consider these questions. Have you done a thorough **search for reviews** and customer feedback on the company and the owner? (Google Dana Gainer, Rockin' Rollin' Video Game Party) **GOOGLE THE NAME OF ANYONE YOU ARE CONSIDERING WORKING WITH. THIS IS A BIG PURCHASE. FEEL FREE TO COMPARE WHAT WE OFFER TO ANY OF THESE COMPANIES OR ANY THAT YOU FIND DURING YOUR OWN RESEARCH.**

1. Are they asking you to pay a large franchise fee and requiring a monthly "national advertising fee"? National advertising sells more Mobile Game Theaters. Local advertising sells parties. **Not us!**
2. Do they want a percentage of what you earn? Starting a small business is hard enough without having to pay someone a part of your profits. **Never!**
3. What is the quality of their Mobile Game Theater? Do they have undercoating, kick plates on the doors and the best coin flooring? **We do!**
4. Is your Trailer born inside where it is **climate controlled, shady and dry** or raised outside and then "chosen" for the next Mobile Game Theater?
  - Our Mobile Game Theaters are **built to order FOR YOU!** Choose your colors, wrap and customize to your liking!

5. Will they answer the phone when you call? Get back to your text or email? Who answers their phone? The owners or a receptionist? **Yes, Of Course! The Owners!**
6. Have they run their own Mobile Game Theater for a period of time and can they help you personally after the purchase? **Yes! Year 4!**

7. Can they provide you a list of **every** client (with permission) that has bought a Mobile Game Theater for a referral? **YES!** (Some companies have sold over 65 units and won't give you all the names.)

8. Will they help you with your marketing? Will they set up **5 Social Media Pages filled with keywords**, your own independent **Reservation System** and **Website**? Is it extra? Or included in the price? **Yes! You bet! Not extra!**

9. Do they expect you to **advertise their brand** for future trailer sales or can you have our own name and identity? National advertising helps sell trailers. Local advertising books parties. Don't sell Mobile Game Trucks on your website! **We would never ask you to do our job. :) We do ask for your referral though.**

10. If they offer you SEO (Search Engine Optimization) talk to us about checking our owners and their ranking on Google, Yahoo and Bing. **We rock on Google, Yahoo and Bing!**

11. Do they give you everything you need with your purchase? (Training Manuals, Vacuum, mop, cleaning supplies, entry step, fire extinguisher, battery charger, fan and spare tire) **Yes we do!**

12. What happens if you Google their name? Good or Bad Reviews? Other Businesses? What about their business name? Good or Bad Reviews? Lawsuits? Google Dana Gainer, Edward Gainer, Rockin' Rollin' Video Game Party, Pinehurst, NC. Google E & D Ventures, LLC, Backyard Laser Tag. You will find nothing but our listings, our social media, our websites and maybe a few pictures from Facebook.

## **HOW DO WE OFFER SUCH A GREAT PRODUCT AT A COMPETITIVE PRICE?**

We keep our overhead low and pass the savings on to you. We don't run a top heavy company. Here, the owners answer the phone. At Rockin' Rollin' Video Game Party we keep an eye on our competition (and we'll teach you to do the same) so we offer the best products, at the best

possible price and we mix it in with a little can do attitude and heart. We love what we do and we are looking for entrepreneurs that want to love what they do too! **Feel free to do your due diligence and investigate other concepts and companies**

## **INTERESTED IN OTHER MOBILE ENTERTAINMENT OPTIONS? CHECK THIS OUT!**

## **BACKYARD LASER TAG BUSINESS OPPORTUNITY! \$27.9K, 42K & \$82.5K (CUSTOM COMBO TRAILER - TWO BUSINESSES IN ONE!)**

Kids love team sports, a challenge, role playing and video game scenarios. Backyard Laser Tag puts it all together and creates the ultimate experience! Inside the Laser Tag Trailer, the recruits can put on their **Camouflage Face Paint, Special Ops Vests** and receive instructions on the use of the Taggers from the Referee/Drill Sergeant. After the instructions, they'll exit the Bunker as fully-trained privates and battle it out for fun, challenge and bragging rights!

The Laser Tag Field is set up with a variety of **pop up bunkers**. The bunkers enable the players to take cover or shoot through the openings. The referee keeps the battleground challenging. The referee can enable "auto-spawn" to allow players to rejoin the game after a set amount of time or immediately, the players go to their "**Team Re-Spawn Station**" and hit the button to re-spawn and get back into the action!

The referee can also turn on "Ammo Mode" to collect the ammunition of opponents after scoring a "hit." They can disable friendly fire or even add

ammo to a struggling player if needed. Most games are team oriented with a mission that is explained by the Referee.

If the "Recruits" get tired, hungry or thirsty, no worries...they can **take a break in the climate-controlled Army Bunker** and enjoy some shade with heat and air! With Backyard Laser Tag, the recruits only have to pretend to be tough! The Drill Sergeant takes care of the party while the Adults sit back and watch the fun! (Many of the "big kids" end up joining in) 2 hour party: \$289 Mon - Thurs and \$319 Fri - Sun \$499 for a Combo (Mobile Video Game Theater/Laser Tag) Party! Depending on your area you will be able to charge more. We have owners in NY, NJ, TX, CA and elsewhere charging \$349 for a two hour weekend party.

Both Lauren and I have day jobs so we mainly work on the weekends and follow the

program that Dana and Ed have put together and it works. It's such a fun business to run because I have the whole family involved. My 5 and 6 year olds help me clean the trailer in between parties, my 10 year old is a game coach and handles all the Minecraft questions, and Lauren handles the invitations and follow-ups with the customers. The whole experience has been a joy especially the endless smiles on the kids' faces.

Thank you Dana and Ed from Go Time Gaming!"

We just finished a few hours ago with Kevin and Ben on training us on our new game truck. I have to give Dana, Ed a big thank you for a job well done. I also have to tip my hat to Kevin and Ben who would have done just about anything that I asked them to do, and they had to put up with my NY accent and cop humor. LOL. They were great and I didn't want them to leave. But I

feel confident that what they taught me in the short period of time was worth its weight in gold. Thank you guys!

"I had a neat comment at the last event I did.

Had a parent come up and asked if I was a new type of "Game Truck" I explained about me/us - she looked and stated that she lives in Georgia and had been to a game truck party but they didn't do or have what I have and she was really impressed with the trailer and the set up.

Thanks Ed and Dana."

"Special thanks to Edward Gainer! I don't know whether to laugh or hang my head in shame that he answers my phone calls with "What's wrong?" rather than "Hello"!! For some wacky reason my generator went through over half a tank of gas in less than 2 hours today and shut off during my second party. Quick call to Ed to make sure I was doing things right, and we were back in business. Love that three years later I can still call and he will help me out!! Thanks so much Ed!!!!"

*“Good morning Edward and Dana. I want to first apologize again for calling so late on a Sunday. We were coming from an event and saw a huge park with what looked like 1000 kids at the largest playground I have ever seen. We parked and both the kids and parents left the playground and swarmed the trailer. We handed out a slew of flyers to parents. It was the busiest weekend for us thus far. We had events last week on Monday, Wednesday and Friday. Ended the weekend with events on Saturday and Sunday. We are even pushing trying to push a few events to Mark that we can't cover. We have the huge event*

*with the radio station on Saturday and for the first time I will be dropping the trailer on my own. I want to thank Edward so very much for the assistance. I was praying he would answer the phone Lol. We were cheeks out in the middle of the street and the brakes on the trailer locked up. I was in panic mode. I never thought that the safety cord had come loose. Thank you guys again. At some point you are going to make me use the L word. Awww what the heck. I love you guys!!! Thank you for saving my life yesterday. I will be sure to post it in the owner's forum on Facebook. By the way, we did come to an agreement on the deal at the race track. They are expecting 10,000 person crowd at an event in May and we will be there as well as a host of other events they are having. :) You both take care and have an excellent day.”*

"Booked 3 parties today and got a call on a 4<sup>th</sup>! Yea. But I really am e-mailing you to say that the battery deal is done. I'm going to send the receipt to (the trailer builder) and Wayne is going to take care of it. I meant to take a picture and I will next time I'm at the trailer. Looking into the tailgate thing. I for one think it would be great to pull up, sit down and watch a football game with some people and get paid for it J. Not like I wasn't going to watch it anyway.

Thanks again for all the help you guys provide."

*I did a party last night with a group of 8, 9, and 10 year old boys. Mom said no "M" rated games. About 15 minutes in, the boys were asking for COD. I told them that was off limits. Then about 10 minutes later a boy apparently named Drew handed me this note that was hand written from his "father".*
