Edward and Dana,

“Just wanted to let you know. Last night we had a promotional booking with radio guy at some banquet and are competition was there too. Nice guy but our trailer killed. The kids piled in ours. His help came over and looked in and said awesome.

Even the radio guy said he couldn't believe there was such a difference between trailers. Thanks again for doing great job.

Russell, New Owner, Rolling Arcade, February, 2013

"Sue and I just want you know how much we appreciate everything that you have done with all the Social Media stuff. It all looks great. We are going to take a close look at everything this weekend and see if there are any tweaks that need to be made. Once again, thank you! We definitely see why you use Pete and Amanda. They have been so easy to work with and we love their work."

“Both Lauren and I have day jobs so we mainly work on the weekends and follow the program that Dana and Ed have put together and it works. It's such a fun business to run because I have the whole family involved. My 5 and 6 year olds help me clean the trailer in between parties, my

10 year old is a game coach and handles all the Minecraft questions, and Lauren handles the invitations and follow-ups with the customers. The whole experience has been a joy especially the endless smiles on the kids' faces.

Thank you Dana and Ed from Go Time Gaming!” August 2014

We just finished a few hours ago with Kevin and Ben on training us on our new game truck. I have to give Dana, Ed a big thank you for a job well done. I also have to tip my hat to Kevin and Ben who would have done just about anything that I asked them to do, and they had to put up with my NY accent and cop humor. LOL. They were great and I didn't want them to leave. But I feel confident that what they taught me in the short period of time was worth its weight in gold. Thank you guys!

**Had a parent come up and asked if I was a new type of "Game Truck" I explained about me/us - she looked and stated that she lives in Georgia and had been to a game truck party but they didn't do or have what I have and she was really impressed with the trailer and the set up.
Thanks Ed and Dana.”**

“Special thanks to Edward Gainer! I don't know whether to laugh or hang my head in shame that he answers my phone calls with "What's wrong?" rather than "Hello"!! For some wacky reason my generator went through over half a tank of gas in less than 2 hours today and shut off during my second party. Quick call to Ed to make sure I was doing things right, and we were back in business. Love that three years later I can still call and he will help me out!! Thanks so much Ed!!!”

A group of Happy Gamers at one of Michael's Parties!

Good morning Edward and Dana. I want to first apologize again for calling so late on a Sunday. We were coming from an event and saw a huge park with what looked like 1000 kids at the largest playground I have ever seen. We parked and both the kids and parents left the playground and swarmed the trailer. We handed out a slew of flyers to parents. It was the busiest weekend for us thus far. We had events last week on Monday, Wednesday and Friday.

Ended the weekend with events on Saturday and Sunday. We are even pushing trying to push a few events to Mark that we can't cover. We have the huge event with the radio station on Saturday and for the

first time I will be dropping the trailer on my own. I want to thank Edward so very much for the assistance. I was praying he would answer the phone Lol. We were cheeks out in the middle of the street and the brakes on the trailer locked up. I was in panic mode. I never thought that the safety cord had come loose. Thank you guys again. At some point you are going to make me use the L word. Awww what the heck. I love you guys!!! Thank you for saving my life yesterday. I will be sure to post it in the owner's forum on Facebook. By the way, we did come to an agreement on the deal at the race track. They are expecting 10,000 person crowd at an event in May and we will be there as well as a host of other events they are having. :) You both take care and have an excellent day."

Michael, Owner, Xtreme Game Experience, April, 2013

"I would like to thank Dana for all of the hard work she has put into getting us started with our business and thank to all the other owners who have been so supported of us coming on board. We are ready for the excitement...Central Texas here we come!!"

Dave getting ready for his first party.

“Booked 3 parties today and got a call on a 4th! Yea. But I really am e-mailing you to say that the battery deal is done. I’m going to send the receipt to (the trailer builder) and Wayne is going to take care of it. I meant to take a picture and I will next time I’m at the trailer. Looking into the tailgate thing. I for one think it would be great to pull up, sit down and watch a football game with some people and get paid for it J. Not like I wasn’t going to watch it anyway.

Thanks again for all the help you guys provide.”

Testimonials from our Owners

Not a testimonial but worth a laugh...from our Facebook Forum...

I did a party last night with a group of 8, 9, and 10 year old boys. Mom said no "M" rated games. About 15 minutes in, the boys were asking for COD. I told them that was off limits. Then about 10 minutes later a boy apparently named Drew handed me this note that was hand written from his "father".

Drew didn't know I had seen a table nearby that had a yellow sticky note pad and a pen. I told him nice try!
